As a board certified orthopaedist, **Dr. Michael Dolecki** specializes in general orthopaedic surgery

with clinical interest in joint replacement surgery, sports medicine and trauma. He is devoted to the diagnosis, treatment, rehabilitation and prevention of injuries and diseases of the musculoskeletal system. In a single day, he may treat patients with a variety of conditions, including fractures, torn ligaments arthritis, osteoporosis, bone tumors, ruptured disks, pulled muscles, and lower back pain.

Rocky Mountain Orthopaedic Associates

Rocky Mountain Orthopaedic Associates, P.C. (RMOA) is the largest and most comprehensive orthopaedic group between Denver and Salt Lake City. RMOA has served western Colorado and eastern Utah since 1950, and is the best choice for bone, spine, joint and muscle care in the region. RMOA provides consultations and surgery for musculoskeletal conditions, joint replacements, sports medicine, hand and microvascular reconstructive surgery, and spine surgery. In 2005, RMOA introduced specialized care in the areas of osteoporosis, rheumatoid arthritis, lupus and other autoimmune diseases. In addition, RMOA institutes advanced care in physical medicine, rehabilitation and pediatric orthopaedics.

The physicians and staff of RMOA are dedicated to being the providers of choice for anyone on the Western Slope with a fracture or an orthopaedic problem. We always strive to be responsive to patients and referring physicians and be known for both our service and compassion. Through ongoing

medical education and training, as well as recruitment of subspecialty trained surgeons, we endeavor to provide a full range of expert orthopaedic care.

The RMOA physicians, staff and family members are proud members of the local community who realize that our patients are special people – our friends and neighbors.

Practice Philosophy:

The ultimate purpose of all work in a medical office is helping patients. Every staff member is an integral part to making this happen. Teamwork and cooperation will be the cornerstone of our practice. Everyone's focus must be on providing the best possible care and service for all patients.
