“For me, the key to delivering excellent care is to take the time to assess how each person’s medical condition uniquely influences his or her life. Only then do I feel that I can provide the most effective treatment.”

- Dr. Khan-Farooqi

As a board certified orthopaedist,

Dr. Waqqar Khan-Farooqi specializes in

orthopaedic surgery of the foot and ankle. He has clinical interest in the diagnosis, treatment and rehabilitation of all conditions involving the foot and ankle, including deformity, arthritis, sports and traumatic injuries and overuse conditions such as tendonitis.

Rocky Mountain Orthopaedic Associates

Rocky Mountain Orthopaedic Associates, P.C. (RMOA) is the largest and most comprehensive orthopaedic group between Denver and Salt Lake City. RMOA has served western Colorado and eastern Utah since 1950, and is the best choice for bone, spine, joint and muscle care in the region. RMOA provides consultations and surgery for musculoskeletal conditions, joint replacements, sports medicine, hand and microvascular reconstructive surgery, and spine surgery. RMOA also offers specialized care in the areas of osteoporosis, rheumatoid arthritis, lupus and other autoimmune diseases, along with advanced care in physical medicine & rehabilitation, and pediatric orthopaedics.

The physicians and staff of RMOA are dedicated to being the providers of choice for anyone on the Western Slope with a fracture or an orthopaedic problem. We strive, always, to be responsive to patients and referring physicians and be known for both our service and compassion.

Through ongoing medical education and training, as well as recruitment of subspecialty trained surgeons, we endeavor to provide a full range of expert orthopaedic care.

The RMOA physicians, staff and family members are proud members of the local community who realize that our patients are special people – our friends and neighbors.

Practice Philosophy:

The ultimate purpose of all work in a medical office is helping patients, and every staff member plays an integral role in making this happen. Teamwork and cooperation are the cornerstones of our practice, and everyone’s focus is on providing the best possible care and service for all patients.
