Rocky Mountain Orthopaedic Associates' physician assistants (PAs) are health care professionals licensed to practice medicine with physician supervision. As part of their comprehensive responsibilities, PAs conduct physical exams, diagnose and treat illnesses, order and interpret tests, counsel on preventive health care, assist in surgery, and, in virtually all states, can write prescriptions. Within the physician-PA relationship, physician assistants exercise autonomy in medical decision making and provide a broad range of diagnostic and therapeutic services. A PA's practice may also include education, research, and administrative services.

The RMOA Physician – PA Team

The Rocky Mountain Orthopaedic Associates Physician-PA team provides the best possible service and care throughout every stage of your treatment. This team practice concept enhances the delivery of high quality health care, offering efficient delivery time and visitations to all patients.

Rocky Mountain Orthopaedic Associates

Rocky Mountain Orthopaedic Associates, P.C. (RMOA) is the largest and most comprehensive orthopaedic group between Denver and Salt Lake City. RMOA has served western Colorado and eastern Utah since 1950, and is the best choice for bone, spine, joint and muscle care in the region. RMOA provides consultations and surgery for musculoskeletal conditions, joint replacements, sports medicine, hand and microvascular reconstructive surgery, and spine surgery. RMOA also offers specialized care in the areas of osteoporosis, rheumatoid arthritis, lupus and other autoimmune diseases,

along with advanced care in physical medicine & rehabilitation, and pediatric orthopaedics.

The physicians and staff of RMOA are dedicated to being the providers of choice for anyone on the Western Slope with a fracture or an orthopaedic problem. We strive, always, to be responsive to patients and referring physicians and be known for both our service and compassion. Through ongoing medical education and training, as well as recruitment of subspecialty trained surgeons, we endeavor to provide a full range of expert orthopaedic care.

The RMOA physicians, staff and family members are proud members of the local community who realize that our patients are special people – our friends and neighbors.

Practice Philosophy

The ultimate purpose of all work in a medical office is helping patients, and every staff member plays an integral role in making this happen. Teamwork and cooperation are the cornerstones of our practice, and everyone's focus is on providing the best possible care and service for all patients.
